ANNUAL NOTICE IN COMPLIANCE WITH TEXAS WATER CODE SECTION 49.063(c)
After at least 25 qualified electors are residing in a district, on written request of at least five of those electors, the board shall designate a meeting place and hold meetings within the district if it

determines that the meeting place used by the district deprives the residents of a reasonable opportunity to attend district meetings. On the failure to designate the location of the meeting place within the district, five electors may petition the Texas Commission on Environmental Quality ("Commission") to designate a location. If it determines that the meeting place used by the district deprives the residents of a reasonable opportunity to attend district meetings, the Commission may designate a meeting place inside or outside the district which is reasonably available to the public and require that the meetings be held at such place. After the next election, the board may designate different meeting places, including one located outside the boundaries of the district.
